## Professional Summary

Results-driven and versatile Engineering and Operations professional with a strong academic foundation in Electrical and Electronics Engineering (Second Class Upper). Currently serving as Operations Manager at Centrom Bliss Services Limited, overseeing nationwide logistics operations and fleet management. Possesses experience as an Assistant Project Manager in building and electrical construction projects, demonstrating capacity for cross-functional coordination and project delivery. Certified in Digital Marketing with practical knowledge of social media management, SEO, and content creation. Skilled in electrical design, simulation, solar installation, and operational management, with proven leadership abilities and a commitment to excellence in every role undertaken.

## Work Experience

### **OPERATIONS MANAGER | CENTROM BLISS SERVICES LIMITED | JUNE 2025 – PRESENT**

- Manage all operational aspects of the company, a contracting logistics firm transporting clients' goods nationwide.
- Oversee drivers and monitor their movements to ensure timely and safe delivery.
- Supervise vehicle maintenance schedules for trucks and cars, ensuring optimal performance and reduced downtime.
- Coordinate operational workflows to achieve seamless and efficient service delivery to clients.

### **ASSISTANT PROJECT MANAGER | FREELANCE BUILDING & ELECTRICAL CONSTRUCTION PROJECTS | MAY 2025 – PRESENT**

- Assist Project Managers in overseeing building and electrical construction projects, coordinating activities across electrical, building, and construction departments.
- Monitor project progress, manage costs, and ensure that projects are executed effectively to meet client specifications and satisfaction.
- Support the development of project schedules and maintain strong communication with contractors and clients.

### **STUDENT INTERN | CENTRE FOR RENEWABLE ENERGY TECHNOLOGY, FUTA | OCTOBER 2023 - JANUARY 2024**

- Conducted research on biomass yield and potentials, solar system connections, and surge protection.
- Installed, troubleshooted, and maintained solar systems in lecture theaters in Federal University of Technology Akure.
- Assembled 12V Mobile Power Stations using Lithium Iron Phosphate batteries.
- Taught 300 level students of the Federal University of Technology Akure on Energy Audit during the cause of their Student Work Experience Program (SWEP) in Centre.

## Leadership Experience

### **ZONAL SECRETARY | NIGERIA FELLOWSHIP OF EVANGELICAL STUDENTS (NIFES) | FEBRUARY 2024 - FEBRUARY 2025**

- Promoted NIFES programs and policies across zones, mobilizing students for participation and financial support.

## **SUB-ZONAL PRESIDENT | NIGERIA FELLOWSHIP OF EVANGELICAL STUDENTS (NIFES) | JANUARY 2023 - FEBRUARY 2024**

- Increased group membership by 60%, promoted unity, and coordinated key sub-zonal programs.

## **SUB-ZONAL OUTREACH SECRETARY | NIGERIA FELLOWSHIP OF EVANGELICAL STUDENTS (NIFES) | JANUARY 2022 - JANUARY 2023**

- Organized outreaches, supervised material collection, and ensured effective follow-up activities.

## **Education**

- **BACHELOR OF ENGINEERING (B.ENG.) IN ELECTRICAL AND ELECTRONICS ENGINEERING** | NOVEMBER 2024 | FEDERAL UNIVERSITY OF TECHNOLOGY AKURE, AKURE, ONDO.
- **DIGITAL MARKETING CERTIFICATION** | JUNE 2025 | AVVISTRA DIGITAL ACCELERATOR COURSE (Modules include Social Media Management, SEO, Content Writing, and Digital Strategy)
- **SECONDARY SCHOOL CERTIFICATE EXAMINATION** | SEPTEMBER 2017 | SKYLIGHT COMPREHENSIVE COLLEGE, IPAJA, LAGOS.
- **PRIMARY SCHOOL LEAVING CERTIFICATE** | JULY 2011 | GLORYLAND NURSERY AND PRIMARY SCHOOL, EJIGBO, LAGOS.

## **Project**

### **DESIGN AND IMPLEMENTATION OF A MOTION-SENSOR LIGHTING SYSTEM**

- Designed and implemented an energy-efficient motion-sensor lighting system at the School of Engineering, FUTA, achieving a 25% reduction in energy cost.
- Integrated Arduino Uno, PIR sensors, LDR, and relay modules for intelligent automation.

## **Skills**

- |  |   |
|--|---|
| • Operations Management & Logistics Coordination               | • Digital Marketing (SEO, Content Writing, Social Media Management) |
| • Project Assistance in Building & Electrical Construction     | • Microsoft Office Suite (Word, PowerPoint, Excel)                  |
| • Electrical Design and Simulation (Multisim, MATLAB, Proteus) | • Time Management and Organization                                  |
| • Solar System Installation & Electrical House Wiring.         | • Teamwork and Leadership.  |
